SPECIFICATIONS

PRODUCT ID SBI332MIRAGE 2 | 3 | 4

DESCRIPTION Mirage Double | Triple | Quad

COLOURS ■ Chai ■ Espresso

Allow 1.5% size variation

SBI332MIRAGE2 4.8kg

222 X 330 X 100

Length x Height x Width

13.3/m²

10mm mortar joint

No lateral mortar joint required

SBI332MIRAGE3 5.8kg

222 X 330 X 100

Length x Height x Width

13.3/m²

10mm mortar joint

No lateral mortar joint required

SBI332MIRAGE4 7.2kg

222 X 330 X 100

Length x Height x Width

13.3/m²

10mm mortar joint

No lateral mortar joint required

Screen Blocks

Screen blocks are experiencing a significant resurgence as an architectural element, appreciated for their ornamental appearance while providing practical benefits such as ventilation, privacy, and sun protection. These versatile blocks can be used in various applications, including yard enclosures, fencing, decorative screens, balustrades, wall adornments, and creating outdoor rooms.

Produced in countries such as Spain, India, Mexico, Florida, and South Africa, Screen blocks often evoke memories of 1960s beach bungalows. However, their use has evolved considerably in recent years.

Screen blocks now serve as eye-catching design features for maximalists who seek bold, striking elements, while their availability in neutral colours and clean lines also caters to minimalist aesthetics.
